Subject: 1996 CIGARETTE PROGRAM

The following Walgreen Cigarette Program has been approved as a continuing program for 1996.

The program is designed to increase cigarette sales, reduce inventory and increase profits through quarterly payments.

Walgreens will be participating in the Philip Morris "Masters Program" and new for 1996, the R. J. Reynolds "Partners Program". Stores will be credited on a quarterly basis through your Purchase Ledger.

PHILIP MORRIS "MASTERS PROGRAM"

Participation in the Philip Morris "Masters Program" is based on the following two factors:

- Strict Compliance to merchandising and display criteria as outlined in the attached planogram.
- Philip Morris Brand Carton Sales. Every quarter, the average Philip Morris carton sales are calculated by district. Each district is then put into one of the following sales categories:

AVERAGE CARTONS PER WEEK PER STORE	QUARTERLY PAYMENT
0 - 29	\$ 60
30 - 49	120
49 - 64	222
65 - 77	276
78 - 89	324
90 - 103	378
104 - 122	438
123 - 146	522
147 - 177	630
178 - 210	756
211 - 255	906
256 - 304	1092

In addition to the above monies, we also receive corporate monies to run lower price promotions throughout the year.

R. J. REYNOLDS "PARTNERS PROGRAM"

Participation in the R. J. Reynolds "Partners Program" is based on the following criteria:

- Strict Compliance to merchandising and display criteria as outlined in the attached planogram.
- R.J. Reynolds Brand Carton Sales. Every month, the average R. J. Reynolds carton sales are calculated for the Walgreen chain. Each store is then put into one of the following two categories:

AVERAGE CARTONS PER WEEK	QUARTERLY PAYMENT
16 - 47	\$ 75
47 +	180

THE FOLLOWING CRITERIA MUST BE IN PLACE AT ALL TIMES IN ORDER TO RECEIVE PAYMENTS:

THE PACK RACK
